14 points call for orders

Para 1 passed

1) Approval of the rules - on this point the question of giving more powers to the Dy Sanj officers over the Dy Inspectors of Vaccination was raised - The Sanj Commr states that as D.A.O is the Personal staff of the Dy Commr there is no need to consider the point - The rules may therefore be approved

Yes Cg approved

Para 2 [illegible]

The minimum in Madras varies from 250 to 300. For this reason suggested by the Sanj Commr the minimum proposed by him may be approved for the present

Cg

Yes

2) Fixing minimum limit of cases for each month as out turn of work to be required of each Vaccinator - This was fixed at 200 after due consideration in para 18 of the G.O. of March 18. This is now sought to be reduced to 75 for reasons stated by the Sanj Commr - This is a point for consideration & orders.

Para 3 (1) (2)

3) The fixing of a uniform rate of T.A. to all Dy Inspectors at 3/10 thus pay D A & 5 as mileage on the analogy of what is stated to be allowed to Asstt Dy Inspectors of Schools - This is in modification of the prevailing rates (vide Appendix E to G.R.) - This was the first proposal

page 211

Item 82 M.S.R.

D.A — 0-12-0

Mileage — 0-2-7 a mile

	17 Financial opinion is required on the proposal of the Sanitary Commissioner to enhance the rates of travelling allowance admissible to Deputy -- Inspectors of vaccination as under :-
	Daily allowance 1-8-0 and road mileage annas 5 as in the case of Assistant Deputy Inspectors of schools (Vide item 70 of appendix E, Mysore Service Regulations).
	The pay of this class of Educational officers, now called Assistant Inspectors of Schools, varies from 50 (in grade 50-70) to 150.
	18 Under the revised scheme of the Sanitary Department, the pay of Deputy Inspectors of Vaccination is in 3 grades, 50,70 and 80.
	19 It should be the policy of Government to regulate travelling allowance on pay basis as far as -- practicable, and the proposal to have special rates fixed much in excess of those admissible under that rule cannot be financially agreed to. Under the Mysore Service Regulations items 82 and 83 Appendix E, the rates admissible are :-

	Daily Allowance.	Road Mileage.
For Deputy Inspectors of Vaccination. (Pay 40 and 60)	12 annas	2 annas.
District Sanitary Assistants (80)	" 3/10 pay	3 annas.

Under the new scheme, the appointment of District

BANGALORE.

Sir;

2

With reference to Government Order No. 5044-63-San. 68-16-6, dated the 9th March 1918, I have the honor to submit herewith draft rules relating to the duties and control of vaccinators consequent on the transfer of the establishment to the District Boards for direct supervision and disciplinar control.

2 In para 8 of the Government Order a limit of 200 cases for each month is prescribed as the minimum outturn of work to be required from each vaccinator. I am of opinion that this is much too large a number. From my six years' experience of vaccination work in the State, I would say that no vaccinator can, under present conditions, possibly vaccinate more than 75 cases a month as he has not only to vaccinate but also subsequently to inspect the cases vaccinated. The chief difficulty in the way of a larger outturn being prescribed is the tendency on the part of the people to be putting off vaccination, so that when the vaccinator visits a village it always happens that he can vaccinate only a few out of the several unprotected children available for vaccination. The posntion would be different if the compulsory system of vaccination were in force throughout the State. Subject to the approval of Government and future modification as soon in the future as possible, I have put down the minimum number at 75.

3 In regard to the travelling allowances admissible to Deputy Inspectors of Vaccination there are at present two rates - one for Deputy Inspectors at the rate of 12 annas per diem and 2 annas per mile and the other for District Sanita

SUBJECT.

Submits draft rules relating to the duties and control of Dy. Inspectors of Vaccination and vaccinators.

Assistants at 3/10 of pay and 4 annas to those drawing Rs. 100/- and above, and 3 annas to those drawing below Rs. 100/-. I recommend that 3/10 of pay per diem and 5 annas per mile may as in the case of Assistant Deputy Inspector of Schools be uniformly allowed to all Deputy Inspectors of Vaccination appointed under the new scale. The mileage now allowed is much too inadequate to enable them to recoup the cost of travelling and is certain to restrict their movements in the district to the lowest admissible minimum. This will not be conducive to efficiency.

4 In regard to the training of 15 men, I would point out that the men have already had a practical training in the work and no object can be served in deputing them again for training. No formal training can be expected to improve the type of men and it is improvement in this direction that is the main object of the revision of the establishment. I therefore propose that the formal training of these men need not be insisted upon.

I have the honor to be,
Sir,

Sanitary Commissioner with the Government of His Highness the Maharaja of Mysore, Bangalore.

To

C.S. Balasundaram Iyer Esq., B.A.,

Chief *Secretary to the Government of His Highness the Maharaja of Mysore,* Department,

BANGALORE.

Sir,

In continuation of my letter No. G.C. 508, dated the 1st instant, I have the honor to enclose a sample form of the weekly diary of Deputy Inspectors of Vaccination prescribed in para 8 of the draft set of rules submitted therewith. The form is an improvement over the existing one and lays particular stress on the verification of vaccinated cases and the arrangement the Deputy Inspector is expected to make to ensure uniform progress of vaccination in his district.

In regard to the proposal made in para 3 of my letter referred to above, it appears to me, on a careful reconsideration of the matter, that it is necessary also to raise the rate of daily allowance admissible to Deputy Inspectors before their itineration can be expected to be satisfactory. As a rule, they perform only short journeys mostly from from one village to another close by so that if only 8/10 of pay be fixed as the rate of daily allowance, they will not be in a position reimburse the cost of travelling. You are aware that the rates of hire for conveyance have increased considerably of late. I would therefore propose a heltir- allowance of Rs. 1-8-0 per diem in the case of all Deputy Inspectors irrespective of grade.

I have the honor to be,
Sir,
Your most obedient servant,

10 JUL 1918
SECRETARIAT

To

C.S. Balasundaram Iyer Esq., B.A.,
Chief Secretary to Government, B a n g a l o r e.

Sir,

With reference to your letter No. G.1596-G.M.128-17-8, dated the 22nd July 1918, enquiring whether it is not desirable to give the District Sanitary Officers more control over the Deputy Inspectors of Vaccination than is proposed in the draft rules, I have the honor to state that the District Sanitary Officer being the Personal Assistant to the Deputy Commissioner in the Sanitary Department, the delegation to him of the whole or any part of the control over Deputy Inspectors would present no difficulty. The investing of the control in the District Sanitary Officer, independently of and without reference to the head of the District and President of the District Board, would be a reversion to the old procedure and is, I believe, contrary to the spirit of the Government Order dated the 9th March 1918, relating to the improvement of work in the Vaccination Department.

The enclosures are herewith resubmitted.

I have the honor to be,
Sir,
Your most obedient servant,

Appendix I

Rules relating to the duties of Deputy Inspector of Vaccination.

---

1 Three grades of Deputy Inspectors of Vaccination with 3 appointments in each grade having been sanctioned in G.O. No.5044-63-Sany. 768-16-6, dated the 9th March 1918, the existing three District Sanitary Assistants will hereafter simply be styled Deputy Inspectors of Vaccination and placed in the first grade, with a personal Allowance of Rs. 10/- per mensem. They will be relieved of duties pertaining to sanitary inspections and be required to devote their attention exclusively to vaccination work. The two existing Deputy Inspectors will be absorbed in the new scale.

2 The following qualifications are prescribed for appointments as Deputy Inspectors of Vaccination:-

(a) Completed Secondary School Leaving Certificate or an equivalent examination.
(b) Diploma of Sanitary Inspector.
(c) Certificate of physical fitness for a hard camp life.
(d) Certificate of good conduct, and
(e) Training in a recognised Vaccine Institute in the theory and practice of Vaccination.

As a rule the last grade Deputy Inspectors will be recruited from the staff of Sanitary Inspectors, due consideration being given to seniority in service and merit.

Promotions to the I and II grades will be according to vacancies and approved service rendered in the next lower grade.

3 On and from the date of the issue of these rules, the Deputy Inspectors of Vaccination will be transferred to the District Boards for the purpose of disciplinary control. The powers of appointments promotions, transfers and retirements of Deputy Inspectors however, are vested in the Sanitary Commissioner to Government.

4 The Deputy Inspector of Vaccination shall be on duty in places other than his head quarters not less than 20 days in each month.

5 ~~By the 5th of each month~~ the Deputy Inspector shall submit monthly to the President, District Board, programmes made out separately for each taluk showing the localities that he intends to inspect during the following month. The President of the District Board will after approval of the programme forward it to the Taluk Board concerned for information. The President of the Taluk Board may request the Deputy Inspector to deviate from an approved programme subject to his reporting to the President of the District Board, his reasons for considering such deviations necessary. The Deputy Inspector may depart from the programme if an outbreak of small-pox or other urgent cause necessitates his presence elsewhere. In such case he shall

shall immediately submit a report to the President of the District Board and intimate the fact to the Amildar of the taluk.

6 Programmes should be so arranged that all unions and other important villages may be inspected by the Deputy Inspector not less than once each year.

7 It is the duty of the Deputy Inspector

(a) to regulate, and exercise general supervision over the work of vaccinators,

(b) to prepare the programmes of vaccinators and furnish takids to Amildars for signature and despatch to patels under the Karnool System of Vaccination.

(c) to verify not less than 50% of the cases done by the vaccinators, to inspect the vaccination registers and test their accuracy and to call attention to any defects, false returns and excess in the number of unvaccinated children.

(d) to obtain every year from the Amildars of taluks Khaneshumari (vide G.O. No.4437-484-L.R.643-14-5, dated the 13th November 1916) figures pertaining to number of children under 12 years unprotected against small-pox and to maintain a village-war register shewing, side by side, the number of unvaccinated children and the vaccination done during the year, with date of vaccination.

(e) to visit localities where Epidemics of Small-pox occur and to supervise the arrangements made to check them.

(f) to see that children are vaccinated as soon after birth as possible and that vaccination is not postponed to a later period.

8 Weekly diaries of the Deputy Inspector will be submitted to the President, District Board, who will forward them with his remarks to the Sanitary Commissioner after scrutiny by the District Sanitary Officer.

9 Copies of small-pox reports should be sent by the authorities concerned direct to the Deputy Inspector of Vaccination as well as to the Deputy Commissioner and President of the District Board. The Deputy Inspector of Vaccination shall do all in his power to notify to the Presidents of Municipal Councils the proximity of Epidemics of small-pox in the adjoining rural areas.

10 The Deputy Inspector shall make himself acquainted with all matters likely to prejudice the satisfactory conduct of vaccination and shall endeavour to persuade all persons showing unwillingness, to accept it. He should during inspections discuss matters with the people in a friendly manner to show the benefits of vaccination.

11 The Deputy Inspector may issue orders of a routine character to vaccinators but he shall bring to the notice of the President of the District Board any irregularities in work, defects in vaccination method and inaccuracies in the returns.

Sanitary Commissioner.

Appendix II

Rules relating to the revision of scale and disciplinary control of Vaccinators in the State.

---

1 Under Government Order No. 5044-63-Sany.68-16-6, dated the 9th March 1918 the revised scale of vaccinators will consist of:-

1st grade 32 on Rs. 25/-
2nd grade 32 on Rs 20/-
3rd grade 50 on Rs. 15/-

2 The total of 114 appointments sanctioned for the State will be distributed as under:-

	1st grade	2nd	3rd	Total
Bangalore District	5	5	7	17
Kolar District	4	4	7	15
Mysore District	6	6	10	22
Tumkur District	5	5	6	16
Shimoga District	3	3	5	11
Kadur District	2	2	5	9
Hassan District	4	4	6	14
Chitaldroog District	3	3	4	10
Total	32	32	50	114

Out of this staff, one 2nd class vaccinator in each district will be styled Reserve Vaccinator for employment exclusively during emergencies, such as outbreaks of small-pox, and to relieve vaccinators going on leave. The Reserve Vaccinator will be entitled to mileage under the rules when he is posted from one taluk to another for duty.

3 On and from the date of issue of these rules the present staff of vaccinators working in districts will be transferred to the District Boards for direct supervision and disciplinary control.

4 No vaccinator can be employed under the new scale who does not possess general educational qualification equal atleast to the English Lower Secondary Standard and who has not been trained in the art and the technique of vaccination for a period of two months at the local or other recognised Vaccine Institute. As a rule, only local men will be trained and employed as vaccinators in districts.

5 The Presidents of the District Boards are, however empowered to grant exemption from the qualification rule in the case of existing vaccinators of not less than 10 years standing who have rendered approved service.

6 Vaccinators will be entitled to a fixed travelling allowance of Rs. 8/- per mensem subject to the condition that a minimum of 75 cases of vaccination has been done by the vaccinator during the month. In proportion to the number by which the actual number falls short of the minimum, the allowance will be reduced at the rate of Re 1-0-0 for every 10 cases or fraction thereof.

7 Vaccinators will be directly subordinate to the Deputy Inspectors of Vaccination and will submit all their reports and returns

19

to them. All official correspondence carried on by vaccinators should invariably be addressed to or pass through the Deputy Inspectors of Vaccination.

8 The Presidents of the District Boards will exercise all powers pertaining to the disciplinary control of vaccinators and to their appointments, transfers and promotions.

9 In regard to itinerary and procedure of work, the Karnool System of Vaccination introduced into districts under Government Order No. 5276-307/Med.111-05-3, dated the 22nd November 1905 will continue to be in force.

10 It shall be the duty of the vaccinator to keep himself informed of the outbreaks of small-pox in his area and bring the fact forthwith to the notice of the Deputy Inspector of Vaccination.

11 The vaccinator shall keep a register in the form appended, showing particulars of vaccinations done and subsequent inspections carried out. At the close of every week he shall embody the particulars of work in a weekly diary to be submitted, with as little delay as possible, to the Deputy Inspector of Vaccination.

12 Once every quarter the Deputy Inspector shall draw up a memorandum showing the progress of vaccination in the district, the estimated number of unprotected children available for vaccination and special action, if any, taken to reduce this number, with explanatory notes as to the causes that hindered progress of work during the quarter and the facilities needed to ensure better results. The memo should be submitted to the President of the District Board who will, if necessary, have it scrutinised by the District Sanitary Officer and place it before the District Board for information.

13 The Sanitary Commissioner and the District Sanitary Officer shall, on the basis of the weekly diaries furnished to them by the Deputy Inspectors as well as a result of their own inspections, advise the Presidents of District Boards from time to time as to the defects in work and procedure requiring attention in order that the standard of vaccination is maintained at a high level.

14 As regards vaccination work in Municipalities, each Municipality should make its own arrangement and pay for it from its own funds. In case the Vaccination Regulation is in force the work will strictly be regulated by the rules issued under the Regulation and by the special bye-laws framed for the local area.

15 Every Municipal Council with a normal income of Rs. 5000/- per annum must employ a vaccinator.

Sanitary Commissioner.

APPENDIX I.

Rules Relating to the Duties of Deputy Inspectors of Vaccination.

1. Three grades of Deputy Inspectors of Vaccination with three appointments in each grade having been sanctioned in Government Order No. 5044-63—Sany. 768-16-6, dated the 9th March 1918, the existing three District Sanitary Assistants will hereafter simply be styled Deputy Inspectors of Vaccination and placed in the first grade, with a personal allowance of Rs. 10 per mensem. They will be relieved of duties pertaining to sanitary inspections and be required to devote their attention exclusively to vaccination work. The two existing Deputy Inspectors will be absorbed in the new scale.

2. The following qualifications are prescribed for appointments as Deputy Inspectors of Vaccination :—

(*a*) Completed Secondary School Leaving Certificate or an equivalent examination.
(*b*) Diploma of Sanitary Inspector.
(*c*) Certificate of physical fitness for a hard camp life.
(*d*) Certificate of good conduct, and
(*e*) Training in a recognised Vaccine Institute in the theory and practice of Vaccination.

No. G. 8821-30—Sany. 128-17-5, dated 15th November 1918.

As a rule the last grade Deputy Inspectors will be recruited from the staff of Sanitary Inspectors, due consideration being given to seniority in service and merit.

Promotions to the 1st and 2nd grades will be according to vacancies and approved service rendered in the next lower grade.

3. On and from the date of the issue of these rules, the Deputy Inspectors of Vaccination will be transferred to the District Boards for the purpose of disciplinary control. The powers of appointments, promotions, transfers and retirements of Deputy Inspectors, however, are vested in the Sanitary Commissioner to Government who will however consult the District Board, on whom he exercises these powers.

4. The Deputy Inspector of Vaccination shall be on duty in places other than his head-quarters not less than twenty days in each month.

5. The Deputy Inspector shall submit to the President, District Board, monthly programmes made out separately for each taluk, in advance showing the localities that he intends to inspect during the following month. The date of submission of each programme is 10th. The President of the District Board will after approval of the programme forward it to the Taluk Board concerned for information. The President of the Taluk Board may request the Deputy Inspector to deviate from an approved programme subject to his reporting to the President of the District Board his reasons for considering such deviations necessary. The Deputy Inspector may depart from the programme if an outbreak of small-pox or other urgent cause necessitates his presence elsewhere. In such case he shall immediately submit a report to the President of the District Board and intimate the fact to the Amildar of the Taluk.

6. Programmes should be so arranged that all unions and other important villages may be inspected by the Deputy Inspector not less than once each year.

7. It is the duty of the Deputy Inspector—

(*a*) to regulate, and exercise general supervision over the work of vaccinators,

(*b*) to prepare the programmes of vaccinators and furnish takids to Amildars for signature and despatch to patels under the Karnool system of Vaccination.

(*c*) to verify not less than 50 per cent of the cases done by the vaccinators, to inspect the vaccination registered and test their accuracy and to call attention to any defects, false returns and excess in the number of unvaccinated children.

(*d*) to obtain every year from the Amildars of taluks, Khaneshumari (*vide* Government Order No. 4437-484—L. R. 643-14-5, dated the 13th November 1916) figures pertaining to number of children under twelve years unprotected against small-pox and to maintain a village-war register shewing, side by side, the number of unvaccinated children and the vaccination done during the year, with date of vaccination.

(*e*) to visit localities where epidemics of small-pox occur and to supervise the arrangements made to check them.

(*f*) to see that the children are vaccinated as soon after birth as possible and that vaccination is not postponed to a later period.

8. Weekly diaries of the Deputy Inspector will be submitted to the President, District Board, who will forward them with his remarks to the Sanitary Commissioner after scrutiny by the District Sanitary Officer.

9. Copies of small-pox reports should be sent by the authorities concerned direct to the Deputy Inspector of Vaccination as well as to the Deputy Commissioner and President of the District Board. The Deputy Inspector of Vaccination shall do all in his power to notify to the Presidents of Municipal Councils the proximity of Epidemic of small-pox in the adjoining rural areas.

10. The Deputy Inspector shall make himself acquainted with all matters likely to prejudice the satisfactory conduct of vaccination and shall endeavour to persuade all persons showing unwillingness, to accept it. He should during inspections discuss matter with the people in a friendly manner to show the benefits of vaccination.

11. The Deputy Inspector may issue orders of a routine character to vaccinators but he shall bring to the notice of the President of the District Board any irregularities in work, defects in vaccination, methods and inaccuracies in the returns.

APPENDIX II.

Rules Relating to the Revision of Scale and Disciplinary Control of Vaccinators in the State.

1. Under Government Order No. 5044-63—Sany. 68-16-6, dated the 9th March 1918 the revised scale of vaccinators will consist of —

1st grade 32 on Rs. 25
2nd grade 32 on Rs. 20
3rd grade 50 on Rs. 15

No. G. 8821-30—Sany. 128-17-5, dated 15th November 1918.

2. The total of 114 appointments sanctioned for the State will be distributed as under :—

	1st grade	2nd grade	3rd grade	Total
Bangalore District ..	5	5	7	17
Kolar do ..	4	4	7	15
Mysore do ..	6	6	10	22
Tumkur do ..	5	5	6	16
Shimoga do ..	3	3	5	11
Kadur do ..	2	2	5	9
Hassan do ..	4	4	6	14
Chitaldrug do ..	3	3	4	10
Total ..	32	32	50	114

Out of this staff, one 2nd class vaccinator in each district will be styled Reserve Vaccinator for employment exclusively during emergencies, such as outbreaks of small-pox and to relieve vaccinators going on leave. The Reserve Vaccinator will be entitled to mileage under the rules when he is posted from one taluk to another for duty.

3. On and from the date of issue of these rules the present staff of vaccinators working in the districts will be transferred to the District Boards for direct supervision and disciplinary control.

4. No vaccinator can be employed under the new scale who does not possess general educational qualification equal at least to the English Lower Secondary Standard and who has been trained in the art and the technique of vaccination for a period of two months at the local or other recognised Vaccine Institute. As a rule only local men will be trained and employed as vaccinators in districts.

5. The Presidents of the District Boards are, however, empowered to grant exemption from the qualification rule in the case of existing vaccinators of not less than ten years standing who have rendered approved service.

6. Vaccinators will be entitled to a fixed travelling allowance of Rs. 8 per mensem subject to the condition that they have been on tour at least twenty-one days during the month. The Sanitary Commissioner will be authorised to fix minimum cases for each taluk according to local circumstances and retrench travelling allowance due if the work falls short of the minimum.

7. Vaccinators will be directly subordinate to the Deputy Inspectors of Vaccination and will submit all their reports and returns to them. All official correspondence carried on by vaccinators should invariably be addressed to or pass through the Deputy Inspector of Vaccination.

8. The Presidents of the District Boards will exercise all powers pertaining to the disciplinary control of vaccinators and to their appointments, transfers and promotions and dismissals.

9. In regard to itinerary and procedure of work, the Karnool system of vaccination introduced into districts under Government Order No. 5276-307—Méd. 111-05-3, dated the 22nd November 1905, will continue to be in force.

10. It shall be the duty of the vaccinator to keep himself informed of the outbreak of small-pox in his area and bring the fact forthwith to the notice of the Deputy Inspector of Vaccination.

11. The vaccinator shall keep a register in the form appended, showing particulars of vaccinations done and subsequent inspections carried out. At the close of every week he shall embody the particulars of work in a weekly diary to be submitted, with as little delay as possible, to the Deputy Inspector of Vaccination.

12. Once every quarter the Deputy Inspector shall draw up a memorandum showing the progress of vaccination in the districts, the estimated number of unprotected children available for vaccination and special action if any, taken to reduce this number, with explanatory notes as to the causes that hindered progress of work during the quarter and the facilities needed to ensure better results. The memo should be submitted to the President of the District Board who will, if necessary, have it scrutinised by the District Sanitary Officer and place it before the District Board for information.

13. The Sanitary Commissioner and the District Sanitary Officer shall, on the basis of the weekly diaries furnished to them by the Deputy Inspectors as well as a result of their own inspections, advise the Presidents of District Boards from time to time as to the defects in work and procedure requiring attention in order that the standard of vaccination is maintained at a high level.

14. As regards vaccination work in Municipalities, each Municipality should make its own arrangement and pay for it from its own funds. In case the Vaccination Regulation is in force, the work will strictly be regulated by the rules issued under the Regulation and by the special bye-laws framed for the local area.
